

An outcross pedigree all the way from NEW ZEALAND....

At Silverstream we have bred many great Evolution sons but we believe this is the most complete and best yet. He is superbly balanced with great width and depth. He is a very clean fronted bull who displays great muscling and softness. He is structurally perfect on his feet and legs and has a terrific nature. He comes from our best cow family and his 17 year great great grandmother still remains in our herd. He has been straight grass fed and was wintered as a weaner in a mob of 70 Bulls. Lazarus has developed into an exceptional individual with X factor qualities.

Sire: SILVERSTREAM BRUMBY B89 (P)
SILVERSTREAM EVOLUTION E168 (P)
SILVERSTREAM GLOSSY S120
Dam: WAIMOE RASTAS R90
SILVERSTREAM CHANDLER D145
