Welcome from Transcon Livestock

Welcome to the 2nd Annual Springtime Alliance Sale April 8, 2025 in Candiatic, Saskatchewan. As we are coming out of a long cold winter, now is the time to do your bull buying and get ready for greener grass. This sale offers the opportunity to sit in and buy your Charolais and Simmental bulls in the same sales ring and on the same day.

The offering will have Charolais bulls from long time breeders Mutrie Farms. Bulls that aren't pushed on feed and will go out and breed cows. Whether it's a yearling or a 2 yr old that will cover a few more cows, we have them both here in Candiatic and there will be something here for everyone. Sound footed and good structured, bulls that have muscle expression and good length of spine. Ranch raised bulls that aren't pampered and will work in the most diverse conditions.

Welcome to SHORE SIMMENTALS in the 2025 Springtime Alliance Sale. This will be the first time their bulls will be sold by public auction. Steven and Holly Sebastian along with their family run a smaller purebred Simmental cowherd at Montmarte, Sask. Although not big numbers, the quality in the bulls they are offering is high. Simmental bulls that are good footed, structurally sound, super hairy, big middled, soft made and have great dispositions. Whether it's red or black Simmental that suits your program, you will be sure to find one in this set of bulls from the Sebastian family.

If your in the Candiatic area prior to sale day, I suggest stopping by both Mutrie Farms, Ark Char and Shore Simmentals and have a look at the bulls in the familiar environment of being in their own pens at home.

Plan to join us at the Candiatic Auction Barn on Tuesday April 8, 2025. In the event you are unable to attend but would like to purchase, you can use Transcon online bidding or give one of us a call at Transcon and we will go thru the sales offering with you and give you our professional, unbiased and highly confidential opinions. Our highly trusted order buying service is free of charge to you.

Join us for a beef on a bun lunch on sale day!

Mutrie Farms Welcomes You!

Welcome everyone to our 2025 Bull Sale. This past year we have seen cattle prices get to new heights. It is nice to see everyone in the cattle business making a profit.

This year's offering is really exciting for us as we have new genetics, and they don't disappoint. Over the past few years, we have been able to tour herds and see what we wanted to put into our herd. We have been pushing even harder for maternal strength and fertility. When we look at our herd now, we are so proud of how far it has come.

We would like to take this time thank all of our customers old and new, without your trust in purchasing our bulls and genetics we wouldn't be able to chase our goals and dreams. So, in these last words, thank you from all of us.

If you would like to come tour the bulls and or females at anytime don't hesitate to call.

Sincerely,
Wade Sydorko

Shore Simmentals Welcomes You!

On behalf of SHORE Simmentals, welcome to the Simmental portion of the Springtime Alliance Bull Sale. I'd like to thank the Transcon team, as well as the Sydorko family for allowing us to be part of this sale.

We bought our first two purebred heifers in the fall of 2014. Since then, we have been slowly building our purebred herd. We seem to add a couple heifers each fall from reputable Simmental breeders. With the help of AI breeding, we are able to build some strong replacement females of our own. Over the past few years, we have been selling a few bulls out of the yard each spring. We are extremely excited to showcase our bulls in this sale. We feel that as a group, this is the best crop of bulls raised to date. We would also like to express our thanks to all of our past buyers.

We appreciate your business and hope to see you in Candiac April 8th. Bulls can be viewed at the farm any time before the sale.

It was an easy decision to lead off my bulls with 24M. He's had that herd bull look from a very early age. He's long, thick, great haired and comes with a moderate BW of 90lbs. I could write a whole page on this guy and his dam, so come check him out for yourself, you won't be disappointed. 24M is one of our favourite bulls we've raised to date.

Spring Creek Leila 112A was the original cow that started SHORE SIMMENTALS. At 11 years old she hit a home run with 1M, and is still going strong. He's long spined, has great feet and longevity bred into him, he should sire a nice set of steers and replacement females for many years.

We'll start off the red section with a bull that is owned by my son Owen. This War Paint calf is larger framed but very good, the splash white on his face is an added bonus. 48M's dam is a very good little cow purchased from spring creek. She has a good udder and raises a top end calf every year. If you see Owen around the pens on sale day, he will be happy to answer any questions on his bull or any of the other 9. Another Brisk son, this time with a chrome package. This red baldie bull has plenty of thickness and should add that money stripe to his calves

Milwaukee is the most powerful of the 3 Rambler sons on offer. We used Rambler in the heifer pen so all 3 half brothers were raised by 1st calf heifers. 65M is long, thick, deep, and has a nice dark red coat to him.

This guy has a moderate frame, but is put together quite well with the money stripe to boot. His beautiful dam did a good job her first time out. Udder quality runs deep in her pedigree.

68M would be a candidate for the heifer pen. Born at just 66lbs, this guy got up and grew. He's smooth made in the front but still carries enough thickness in the back. He's very quiet and enjoys a scratch on the head.
