BULLS ON OFFER

19 Red & Black Gelbvieh
33 Red & White Charolais
38 Red, Black & Fleckvieh Simmental
19 Yearling Black Angus

- All bulls are semen checked and veterinary inspected.
- Semen tests, all scrotals and weights will be available sale day.
- Half down on sale day with a May 1, 2026 post-dated cheque for the balance.
- Insurance available sale day.

SIGHT UNSEEN PURCHASE PROGRAM: For those who cannot attend, we offer a Sight Unseen Purchase Program. Call us with your needs (birth weight, frame, weight, etc.) and we will recommend suitable bulls. We will deliver the bulls to you with a satisfaction guarantee. Your order will be handled in strict confidence. Call the owners, T Bar or any of the sale staff.

RIGHT TO DRAW SEMEN: In the event that we would like semen on any of the bulls selling, we reserve the right to draw semen at our expense and buyers convenience for in-herd use only.

DELIVERY: We will assist in making transportation arrangements outside MB and SK. All costs are the responsibility of the buyer. You may be asked to take your bull early if the truck is in your area. Each animal becomes the risk of the purchaser as soon as sold.

"Haul your own bull" \$100.00 OFF PER BULL

If you bring your own trailer and take your bull home, receive a \$100 credit off your purchase.

OR PAY \$100.00 upfront sale day and we will take the yearling bulls home, feed and deliver them by May 1, 2026.

Payable at the time of settlement. All bulls to be taken home and boarded must be insured.

NOTE: All two year old bulls must go home with buyer after the sale unless prior arrangements have been made with the breeder.

VIDEO SALE

Be sure to evaluate the bulls you are interested in prior to the sale as they will not be run through the ring.

FROM THE DESK AT T BAR C

It is with great pleasure that we welcome you to the 22nd Annual Best of the Breeds Bull Sale, set for March 29 at Heartland Livestock in Yorkton.

For over two decades, this sale has been a trusted source for quality seedstock, bringing together leading breeders who are committed to producing functional, performance-driven bulls for the commercial cattleman. The strength and longevity of this event speaks volumes about the consistency of the program, and the confidence repeat buyers place in these operations.

We are pleased to once again feature an outstanding lineup of consignors. The catalogue opens with the powerful and predictable Gelbvieh offering from Goodview Gelbvieh, setting the tone for the depth of quality throughout. The Charolais division follows with a strong set of bulls from Harcourt Charolais and Dog Patch Charolais—cattle known for performance, muscle expression, and herd sire presence. A very impressive group of both Fullblood and Purebred Simmentals comes next from Forden Fairview Farm. This powerful set offers calving ease options without sacrificing the performance and maternal strength the breed is known for. Rounding out the sale is a dependable and performance-oriented group of Black Angus and Angus/Simmental bulls from Black Ridge Angus Farm. These bulls are designed to add pounds, predictability, and profitability to any operation.

The Best of the Breeds Bull Sale has always been built around practical cattle for real-world conditions. Whether you're searching for calving ease heifer bulls, performance sires to add growth and payweight, or maternal strength to build your cow herd, you will find a strong selection represented on March 29.

We encourage you to study the catalogue, visit with the consignors, and evaluate the bulls prior to sale day. The breeders stand firmly behind their programs and are committed to customer satisfaction.

If we at T Bar can be of assistance in evaluating the offering or helping you make your selections, please don't hesitate to reach out. We look forward to visiting with you sale day in Yorkton.

HARCOURT CHAROLAIS

I want to welcome all of you to the 2026 Best of the Breeds Bull Sale. When I wrote this last year, we were talking about \$3,000 steers and how will the market react and how long will it hold. Little did we know that the rules of supply and demand would continue to drive prices even higher. Many of us selling calves off the cow this fall enjoyed steer prices in the \$4,200 - \$4,500 range with some reports exceeding that. With the shortage of beef world wide, more pounds produced on fewer head has to be our goal in order to fill the demand. There is no better way to do that than to use a Charolais bull! The feedlots love the way char x cattle convert feed into beef and are willing to pay premiums for those good calves.

Investing in a good Charolais bull will give you the most Return on Investment! With no sign of heifer retention on the horizon, these markets are here for the foreseeable future. Enjoy every minute of these times, we deserve to be rewarded for our investment in the beef industry! We stand behind these bulls and believe that each one is built to succeed in your program. Feel free to reach out to Justin or myself before the sale about any of the bulls, we would love to help you find the right bull.

See you Sale Day!
— Doug

Maternal Sib - HBC Stealth 203K

Performance, hair and length are things we as beef producers all want in a herdsire. This guy has all of that and more. Troubadour has proven to add hair & performance along with great feet. His mother has proven she can do it before, producing an Agribition class winner, a feature bull to Rod McLean last year and she herself is a maternal sibling to last year's High Seller to Oakstone Land & Cattle. She is sired by the WCR Commissioner bull who is the easiest calving Charolais bull we have ever used with short gestation and high vigour. Bravo is built to be a legitimate Herd Bull! He has tons of hair, extra length and a proven pedigree on both sides. Top 1% for WW and YW, here is a bull with a ton of upside!

HOMO POLLED

Sire of Lots 20, 21, 22
LAE Troubadour 231K

This guy walked into the picture pen and immediately showed off just how good he is! Attractive fronted, thick butted and as good hipped as you can make them. Look at the spread on this bull with an 1010lb Oct 1 weight and a modest 81lb BW! Great disposition, big scrotalled, calving ease option for the cow herd! His mother is one of our top producers coming into her own, sending her last heifer calf to W2 Farms through the superstar sale. At 6 years of age she is one of the soundest structured, most balanced cows you will find. With the Troubadour calves being at the top of any bull pen across Canada, and a no miss mother on the bottom, Conquer will be one you need to circle in your catalogue. HOMO POLLED

CHAROLAIS

Here is the gentle giant of the pen! He tipped the scales at 1200lbs on October 1 and hasn't looked back. It is hard to find a big time power bull with the foot quality this guy has. The length, thickness and loin this guy has is exactly what we try to build for our customers. His disposition is second to none. This guy is backed by a nine year old Braxton female who adds hair and milk into all of her progeny. Envy has been a pen favourite all of his life and is sure to impress! POLLED

Sire - RBM Keystone H41

This guy will impress you from any angle. Great skull, big top and extreme depth of rib. He is as easy doing of a bull as we have ever raised. All of this with large testicles and a great foot underneath him. This is a HERD BULL. Every great bull has a great mother to stand behind him. 4141B is a cow that is never overlooked when people tour through the herd. At 12 years old she is youthful, sound, fertile and has as nice an udder as you could make. She has sent progeny to other top operations across Canada such as C2 Charolais, Hunter Charolais and Balamore Farms. She also has multiple replacement females retained in the herd that carry on her legacy of perfect feet and udders. We cannot get enough of the RBM Keystone bloodline that sires this bull. His calves come early and unassisted and hit the ground running. They are hairy, easy fleshing and impress from an early age! Titan won't be hard to find on Sale Day! HOMO POLLED

DOGPATCH CHAROLAIS

Welcome to the 22nd annual Best of the Breeds sale. First off we want to thank all our past bidders and buyers for their confidence in our program. 2025/26 has seen another record breaking year in the cattle industry and the future so bright you gotta wear shades!

Having a live calf is of ultimate importance, and now more than ever. At Dogpatch Acres, we are proud to present another consistent and reliable set of bulls that reflect the goals of our program. Our focus remains on structurally sound cattle with moderate frames, with lots of volume, depth, and plenty of performance. Quality hair coats, docile dispositions, and proven calving ability continue to be essential traits in our selection process. Along with our senior herd sire, we have incorporated a diverse selection of AI sires to provide strong, proven pedigrees while focusing on calving ease without sacrificing performance.

Only the top end of our calf crop makes it into the sale. Careful culling throughout the year ensures that we offer bulls you can purchase with confidence, knowing they meet our standards for quality and longevity.

We also maintain reserve bulls for our customers throughout the season. Should unforeseen circumstances arise, we keep backup options available so no one is left without coverage. The two-year-olds in this offering were originally retained as insurance bulls and, fortunately, were not needed—making them a strong and dependable addition to this year's sale.

We invite you to review our offering and contact us with any questions. Visitors are always welcome to stop by the farm to view the bulls and their dams. Thank you for your interest and support. We look forward to visiting with you and hope to see you on sale day!

Sire - LT Countdown 9712 PLD

Herd sire Alert. If you are looking for your next herd sire to have length, style, thickness, hair and homo polled performance you have to check out Nitrous. An LT Countdown son that will provide stress free calving, and backs it up with polled performance and a solid structured frame. From the ground up, Nitrous is good footed and straight legged, deep throughout his body and wrapped up in a luxurious fur coat. Born with an awesome birth weight out of a solid heavy milking dam, this eye catching individual will lead you into the future. If you want to be in the lead, just add Nitrous! Top 20% birth weight, top 25% for weaning and yearling weight.

Sire - LT Countdown 9712 PLD

Nutrien offers some serious punch. Starting out at a mere 93 lbs, this high performing individual has really packed on the pounds of red meat. Coming out of one of our top cows going back to the Supreme Champion Grid Maker, and the increasingly popular LT Countdown, you know you got quality throughout this pedigree. From calving ease to his scale crushing actual weaning weight, this young gun provides it all. Calving ability and performance all rolled up in one. You will want to check him out sale day! **Top 10% for calving ease and birthweight.**

Power and presence. Network is an outstanding individual, eye catching in the pen and eye popping on the scale. From front to back, top to bottom, this herd sire prospect exudes red meat thickness. He comes with a nice birth weight, and is deep, soggy and will produce the loose hided calves that demand premiums from the market. He has lots of volume, thickness, depth and style and the capacity to bring it all together. Backed by two proven calving ease pedigrees, this package wraps it up in a luxurious fur coat to boot. **Top 15% for calving ease and birth weight, top 25% for weaning weight and yearling weight.**

CHAROLAIS

Sire - LT Countdown 9712 PLD

Herd Bull Alert: An unbelievable combination of two of the breeds most accepted performance based, calving ease, hair growth, red meat producing bloodlines, and Newscast has checked all the boxes. He exudes natural thickness, depth, and a flawless structure. Raised by an exceptional front pasture mother and sired by the performance based calving ease specialist, LT Countdown, it can't get any better! Whether you are operating a purebred or commercial herd, and you are serious about the cattle business, best mark him down on sale day. **Top 20% birth weight, top 30% weaning weight, top 20% yearling weight**

CHAROLAIS

Norad is a moderate framed, deep sided bull that processes good length of spine and a strong topline which contributes to his natural thickness. A structurally correct frame and solid running gear means Norad will be around for the long haul. A compact skull structure and smooth made front end will ensure calving ease. A nice hair coat and docile nature adds value to this package. **Top 20% birth weight, top 35% for weaning weight, top 30% yearling weight**

Sire - LT Countdown 9712 PLD

Great Cross. The Lt Countdown calves are built right for calving. A sleep easy bull with a small head and a bit more neck extension starts it off, followed by nicely laid in shoulders that allows calves to slip out easily and then explode once they hit the ground. Eye catching style is the reason these Countdown offspring have done so well on the show road. A nice spread in this EPD profile makes Nirvana one to take home sale day. Top 25% calving ease, top 35% birth weight, top 40% weaning weight, top 30% milk.

Multi Use. This polled performer will be a valuable asset to any operation. He has major calving ease built in and the performance background that will give your calves the Char cross advantage in both weaning weight and a few extra cents per pound in the fall. Sired by the calving ease specialist Lt Countdown, you will see how docility, hair coat and soundness transferred into his offspring. The dam's pedigree is also stacked with lots of the breed's top influencers. Take note of the amazing spread between his birth and yearling weight EPDs. Nighthawk's calves will definitely attract buyers attention come sale time. Throw him in with cows or select heifers. Top 5% for birth weight, top 2 % for birth weight, top 30% yearling weight

CHAROLAIS

Sire - LT Governor 1560 PLD

Power bull. Reared by an outstanding momma cow, and sired by the high performing LT Governor bull, this individual is jam packed with polled performance. This long sided individual has a sound chassis to run on, and loads of barrel and swoop, and still maintains great length of spine. A big set of pants, and a good sized tool box that will get the job done. Calves are sold by the pound in the fall, and Normandy's calves will have you needing a Brinks truck to haul your cheque home!

Herd sire alert! If you want to latch on to some of the newest genetics in the breed take a look here. Out of a solid mother cow and the performance backed LT Governor bull, National posts an awesome birth weight followed up by the exciting performance in this package. National checks all the boxes from great feet and legs, to hair and skeletal make up. Combined with his heavy muscling ability, National will sire the powerhouse calves with crush the scales down come fall and will put more jingle in your jeans!

Sire - DCR Blueprint J7

Herd sire Alert. If you know anything about bands you will know Nickleback is synonymous with power and performance second to none. This holds true for this young man. This stoutly made herd sire prospect has checked all the boxes. Starting with a nice shaped head and front end to his super wide and thick top that carries deep down into his quarter resting on solid footing. Great testicle development and a heavy hair coat make Nickleback a standout. A great opportunity to step into some of the newest hottest genetics in the industry.

Sire - WDZ Warroad 906

A great young bull with a well balanced pedigree. Calving ease from his sire combined with a performance based mother that goes back to the 2021 Players Club Champion MVY Backdraft. A great spread in his EPD's along with his actual numbers indicates this breeding tool will sire calves born easily and grow! A fantastic opportunity to incorporate the Charolais advantage into your herd. Great performance from this heifer's first calf! **Top 20% calving ease, top 15% birth weight, top 30% weaning and yearling weight.**

CHAROLAIS

Sire - TRI-N Go North 2411H

We purchased a few top end cows from the BOB Charolais dispersal and they didn't disappoint. Nomad comes with a desirable birth weight and has a fair amount of juice in his tank for growth. A moderate framed bull with the natural thickness synonymous with both sides of this bull's pedigree. Great haired for winter months and sound on his feet and legs, Nomad will make a great cross on any herd and provide the Char cross advantage.

Sire - SOS Mr White 46K

Power Bull. This thick made unit has got the frame to work on the big cows and will sire those exceptionally heavy weaning weight calves come fall time. A free moving stride ensures he will be able to cover some serious ground. A little bigger birth weight from a mature cow, but if you can handle that, look out when his calves hit the ring. With all that hair and pay weight, you won't be able to fit your wallet in your pocket! Easy fleshing, sound, and solid as a rock. Top 20% weaning weight, top 10% yearling weight, top 25% milk.

Sire - KS Level Up 13H

Great cross. For those guys wanting to try a Charolais bull, Neutron is a great choice especially for a British based herd. A choice birth weight, and his more than ample growth will put some punch into your calves, and ultimately, pounds on the scale. The Char cross advantage will add the extra pounds and extra premiums paid for your calf crop. He is built right to work on any herd. Smooth fronted, small head and long deep sides. We are confident that if you aren't already hooked on Charolais, Neutron will win you over.

Cowboy's Bull. Nashville is a AI sired young bull that we are pleased to offer. Boasting an optimal 91 lb birthweight and having one of the heaviest weaning weights, Nashville will be able to cover the big pastures and breed the mature cows. Built right, this long spined individual moves out well on a great undercarriage and has the tools to do the job. A nice straight top and clean sheath combined with good hair and great feet makes Nashville a great sale day choice.

CHAROLAIS

Sire - Turnbull's Lego 813L

Red Option for Heifers: True to his namesake, Napoleon is small and mighty. Starting off small, this red bottle rocket really cranked it up. Smooth fronted, square hipped, strong topped with lots of wavy red hair are attributes passed down through this proven pedigree. Great body and skull shape and sound in his makeup, Napoleon will sire the eye catching heavy weight calves with color. Want to add color to your herd and not give up the Charolais advantage? Napoleon is your sale day option. Top 25% calving ease, top 20 % birth weight, top 30 % yearling. Top 25% milk

CHAROLAIS

Colored Option. A smooth, polled, red bull with tons of wavy red hair, volume and length. A real clean front end and a top you can shoot pool on and a big butt end! This is a bull that could set you up in a purebred operation or top the market with a bunch of calves that look like this. His sire goes back to the prolific Duty Free bull that needs no introduction and reared by a proven breeding matron. By the way, have a look at his calving ease and birth weight EPDs. Combine that with his fantastic weaning weight, you know you are getting the full meal deal in color! Top 20% calving ease, top 25% birth weight, top 20% milk

Sire - Cedarlea Houston 119H

Tank: Each year Venus 12F cranks out a moderate framed calf with a ton of long curly hair. This smooth made bull will sire calves that slip out easily and hit the ground running. A deep barrel with plenty of swoop and a strong top that carries down his quarter. A well developed frame and sound running gear will provide years of hassle free service. A nice clean sheath also helps to prevent issues in pastures where brush and debris may be a problem. Plenty of performance in this all around bull with a gentle disposition

A stylish moderate framed bull that has as much middle and depth as any of the bulls in the pen. His overall capacity gives him the ability to convert feed into pounds of beef, which is evident in his awesome weaning and yearling weights. Besides built in calving ease, Nimbus will add depth and volume to your calves which will result in heavier calves come sale time. Great footed and good tempered. Top 10 % calving ease, top 15% birth weight.

CHAROLAIS

Sire - Cedarlea Houston 119H

You know you're on target when you have calves that look like this. Strong topped, square hiped, and naturally thick, best describe this bull. Fathered by our senior herdsire, LEO Houston, you can be assured of a bull that is good footed, has loads of hair and polled performance. This young sire can move well and is ready for the big pastures, and packs a good sized tool box for the job! A real cattleman's type of bull with calving ease and power built in!

CHAROLAIS

The youngest calf in our offering but you would never know. Norway is a red meat making machine. His excellent skull structure, neck extension and smooth shoulders, contribute to the calving ease. A long, wide topline and big pants go along with this package. A heavy milking second calver put it all together in this prospect. Great performance out of a young calf.

Sire - Cedarlea Houston 119H

There are two bulls that we walked that have made a lasting impression. LEO Houston, and MVY Allstar. Navigator is the combination of two great breeding profiles. The calves are built right for calving with small heads and a bit more neck extension to start it off, followed by nicely laid in shoulders that allow calves to slip out easily and then explode once they hit the ground with solid performance. Navigator's eye-catching style, and proven pedigree makes him one to take home sale day. **Top 30% birth weight, top 25% weaning weight, top 35% yearling weight**

Nissan will be a valuable asset to any operation. He has the calving ease built in and the performance background that will give your calves the Char cross advantage in both weaning weight and a premium per pound in the fall. Nissan is a stylish calf with lots of volume, a nice hair coat, and a nice polled head are just a few of the attributes in his bank. Calving time will be stress free, but sale time will get your heart pumping when marketing these calves! Char cross calves are in demand and Nissan will provide a stress free way to improve your bottom line. **Top 15% calving ease and top 10% birth weight.**

This homo polled prospect is a bit younger than some of his pen mates, but is staying right with the pack. This long sided, sharp fronted individual has sound feet and legs to cover the big pastures, a nice polled head as well as a gentle attitude. This young gun has a little more stretch which will add some pounds to your calf crop and aid him in breeding the bigger cows. A great choice sale day, to run on the British based cowherd.

CHAROLAIS

Sire - Cedarlea Houston 119H

Metro is a young gun that is a treat to work with. Besides his deep quarter and strong top, this bull has a big barrel and a gentle disposition. Smooth throughout his make up, Metro will sire calves that are easy fleshing producing more pay weight. Metro was born easily, and has polled performance, which makes him a sure thing to run with your cows. Whatever color your herd is, this gentle giant will definitely provide the Charolais advantage. **Top 15 % birth weight, top 20 % weaning weight, top 20 % yearling weight**

Micron is a moderate framed bull with loads of natural thickness. A good top, square hip and length will help your calves crush down the scales come fall time. Micron has a nice clean front end and a small head, which will make calving a worry free time. Both sides of this pedigree offer great calving ability and growth. Have a look at his great spread in his EPD's. Good feet and legs were passed down through this pedigree.

CHAROLAIS

Sire - WGD RUGER 8J

An embryo calf off our donor cow. A free moving bull with great feet and legs that cover a lot of ground in the big pastures. A real powerful calf that will breed the larger framed cows and reward you with outstanding performance. Three flush mates were snapped up by Jeremy Pletz at last year's sale. Style, performance, and quality throughout in a slightly bigger package. Recommended for mature cows. Top 15% weaning and yearling weight

Herd sire Alert. If you are looking for your next herd sire to have length, style, thickness, hair and homo polled performance you have to check out Magnum. An LT Badge son that will provide stress free calving, and backs it up with polled performance and a solid structured frame. From the ground up, Magnum is good footed and straight legged, deep throughout his body and wrapped up in a luxurious fur coat. Born with an awesome birth weight this eye catching individual will lead you into the future. **Top 30% calving ease, top 40% birth weight.**

Testimonials

My first Charolais bull was used on my commercial herd back in 1974. I have used Charolais bulls ever since in 2009 when I purchased my first Charolais bull from Dogpatch and have been using their bulls ever since. We had trouble with one of Mick's bulls over the years but one phone call and 4 hours later he was in my yard with not one but two bulls to use for the breeding season. My money was totally refunded with no if's, but's or mayb's. All Dogpatch bulls are easy calving and very docile. It has been a pleasure working and socializing with Mick, Annette and Family. Best of luck in your sale!
