Video Sale

This sale is a video sale, and bulls will sell by video and will not enter a sale ring. We welcome you to view the bulls prior to sale day or the day of the sale. The sale will be broadcasted on DLMS for those unable to attend.

Semen Rights

Coyote Flats Charolais retains in-herd semen interest on all bulls sold in the sale.

Exchange Rate

For our American friends, the exchange rate will be announced on sale day at the start of the sale.

Semen Testing

All two-year old bulls will be semen tested prior to sale day.
All yearling bulls will be semen tested by April 1st.

Wintering Program & Delivery

Yearlings

All yearling bulls can be left at Coyote Flats Charolais until May 31st. After June 1st, a $3/day boarding fee will be applied until delivery/pick-up. All yearling bulls that remain at Coyote Flats for wintering must be insured.

Two-Year Olds

We winter the bull(s) and deliver when needed. Wintering costs are: $500/bull when one bull is purchased, $250/bull when two bulls are purchased, or $0/bull when three or more bulls are purchased by the same buyer. Wintering fee is payable on sale day. All bulls that winter at Coyote Flats must be insured.

Terms & Conditions

Sale is conducted under the Canadian Charolais Association's Code of Ethics.

Accommodations

Quality Inn & Suites, Lethbridge.....(403) 331-6440
Holiday Inn Express, Lethbridge.....(403) 942-5856
Heritage Inn, Taber.....(403) 223-4424

WELCOME FROM Coyote Flats

Welcome to our 12th Annual Bull Sale!

It is a fun and exciting time to be part of the cattle industry as it continues its incredible run of high prices. I have heard from more than one person that they sold their cull bull for more than they paid for it. How great is that. I guess you can't say those bulls have not paid for themselves.

This year's crop of bulls is as good as they come. You will notice a sire group from the 2-year-old bulls, 180L Defiant. Unfortunately, summer of 2024 our herdbull 838H was unable to go as he was nursing an injury. We decided to pick his 2 best sons out and use them instead. Defiant ended up getting hurt during the breeding season and we did not get a picture of him. As you can tell from his calves he was an outstanding bull.

On the personal side of things, George and I both had some exciting things happen in August. George's youngest daughter Miranda married Garrett Ballendine on August 1st. For Trish and I we doubled the herd and I am not talking cows, I'm talking grandchildren. Christopher and Grace were blessed with twins on August 10th. A girl and a boy and both kids are doing great. The parents however… just kidding they are doing great as well.

This will be our second year of having some commercial bred heifers in our sale together with Moebis Bros. Just like last year they are AI'd Charolais and cleaned up with Red Angus bulls. When I followed up with customers last year, they were all very pleased with how easily they calved. We feel these bred heifers will develop into the kind of cows you want to use a Charolais bull on.

Lastly, be sure to check out our "Win-Win" program. It's always exciting to buy calves from our customers and have the opportunity to see how our genetics perform in the feedlot. It's great to have customers show faith in our program by buying bulls yearly from us and be able to reward them by buying their calves back and showing faith in their program. We realize that selling directly to us is not an option that everyone prefers, so if you let us know when and where you are selling your calves, we will do our best to support you at your sale.

Hope to see you at the sale!!

Mark

THE WIN-WIN PROGRAM

We believe in our bulls! We believe in supporting our bull customers!

We believe in the feeding ability that calves sired by our bulls have, that is why every bull sold in our sale comes with a bid on our customers' calves in the fall.

The Win-Win Program was established because we want to develop a partnership with our customers in the cattle business. A thriving partnership must benefit both parties, and we believe that the Win-Win Program allows for successful partnerships to be developed.

YOU WIN

- Excellent sale price: We pay top dollar for the calves that enter our feedlot! We can also offer to contract your calves during the summer months.
- Less stress: On the day you wean your calves, you already know the price and don't have to worry about what price you are going to get, or what the weather is going to do. No worries about calves getting cut out because of a minor problem or off colour. We are flexible on delivery times and dates.
- Less shrink: We have a government inspected scale at our facility. The calves are weighed on the truck and the shrink is determined on a sliding scale based on distance from our feedlot.
- No sales commission: All that you pay for is the brand inspection and the trucking to get your calves to our feedlot.
- Pride: You can come back to the feedlot and have a look at how your calves are doing and developing.

WE WIN

- Healthier calves: Calves are less stressed, therefore, they stay healthier.
- Performance: We get large groups of calves that packers are looking for and we know they will perform and yield among the best in the industry.
- Management: We can track performance of our different bloodlines from weaning to slaughter. We are also able to help with vaccination decisions, so we can vaccinate the calves the same way when they arrive at the feedlot.
- Feedback: We can give you feedback on the performance and health of calves.

WELCOME FROM WRIGHT LIVESTOCK MARKETING SERVICES

Welcome to the 12th Annual Coyote Flats Charolais Bull Sale!

We are excited to be working with the Lohues family again to market their offering this year of quality yearling and two-year-old Charolais bulls. Since the inception of this sale 11 years ago, when Mark and I (in my herdsman days) were discussing taking that step from selling the bulls privately into an annual live sale, we couldn't have imagined the markets that we are seeing currently, or the demand for Charolais bulls in the industry, and that the momentum of this sale would just keep building and building.

I can attest to just how much the program has continued to develop and evolve over the years. With Cody and Christopher, under Mark's guidance, taking over the program in the last 8 years, you can see that they have developed the cow herd and a program that produces the type of bulls that work for their customer base, and are appreciated by the new customers that source their herd sire(s) from them.

This year's offering of bulls, in respect to both the yearling and two-year-old pens, are functional, solid and incredibly usable if you are looking for either a heifer or performance type bull. Their many time repeat buyers will attest to the functionality and value of Coyote Flats Charolais bulls. Their Win-Win program is just the icing on the cake when it comes time to sell your calves off of those Coyote Flats bulls, providing their bull buyers the opportunity to become their partner in the cattle business by providing a bid on their calves.

Whether you are in the market for a new herdsire or few, Coyote Flats Charolais is a great place to look. They are great people who stand behind their products.

If you are requiring any assistance in sourcing that next herdsire to add to your program, or have any questions about the offering, we would love to help. If you are unable to attend on sale day, but wish to participate online, our good friends at DLMS have the online broadcast of the sale. If you wish to bid over the phone or leave a bid, please don't hesitate to contact either Brennon or myself, or any of the awesome sale day staff who would be happy to assist you.

We hope to see you on sale day at Coyote Flats Charolais' 12th Annual Bull Sale!

Sincerely,

Jon & Sarah Wright
Wright Livestock Marketing
Jon: (306)807-8424
Brennon Archdekin: (306)442-7875

WELCOME FROM HIGH LEVEL CATTLE CONSULTING

Welcome to the 12th Annual Coyote Flats Bull Sale. Every year for the past 7 years we sit down with the Lohues family and discuss the nutrition program we are going to put forward for these bulls. The Lohues Family always insist on developing a bull in a safe and responsible manner in order to create an animal that will sustain his soundness for multiple breeding seasons. We have formulated a balanced ration that meets growth curve requirements necessary for proper breeding maturation that allows for superior genetics to be passed on.

These bulls have been raised on a chelated mineral program that was designed to enhance immunity, semen quality and strong foot structure. Coyote Flats is committed to their customers through the feeder cattle buyback program, with a vested interest in raising a quality product for everyone involved. It's very seldom that you run into a purebred operation that is as dedicated to the industry like Coyote Flats. If you have any questions around the rations don't hesitate to call (403)-634-5590.

Trevor Moebis
High Level Cattle Consulting
Ruminant Specialist

HIGH LEVEL
CATTLE CONSULTING

WELCOME FROM TELUS CATTLE PROFESSIONAL SERVICES

In anticipation of the 12th annual Coyote Flats Charolais bull sale, I am pleased to share an overview of the herd health practices maintained by the operation, on behalf of the veterinary team at Telus Cattle Professional Services. Having worked with Coyote Flats Charolais for the past seven years, I hold great respect for their integrity, dedication to the agricultural community, and commitment to their clients.

Vaccinations are administered to help prevent disease in the individual animals and the calves that are raised. All cows receive a 5-way (IBR, PI3, BRSV, BVD Type I & II) modified live virus vaccine pre-breeding to protect the fetus from infection with IBR or BVD & a clostridial vaccine. This program is started as calves; therefore, all mature cows receive at least 2 doses of the 5-way viral before first breeding and then annually pre-breeding thereafter. At birth, calves are administered an intranasal IBR, PI3, BRSV and an intranasal Mannheimia hemolytica and Pasteurella multocida for protection against respiratory illness. At branding time, the calves are given a modified live 5-way viral to enhance protection, including an 8-way Clostridial vaccine that contains Histophilus somni. The 5-way viral and the 8-way Clostridial vaccines are boosted at weaning time, and the heifers are given a 5-way viral pre-breeding. This program provides maximum protection for the calves against respiratory disease as well as protecting the fetus from BVD infection and abortion from these viruses.

The bull calves go through this vaccination program, and before leaving the farm they also receive Fusogard and a booster for protection against foot rot during the breeding season.
Nutrition is an important component of raising purebred cattle. Coyote Flats Charolais has a nutritional consultant to ensure a well-rounded nutritional program for the bulls and all cattle on the operation.

Our practice works closely with Coyote Flats Charolais across all aspects of their operation, including pregnancy diagnosis, bull breeding soundness evaluations, regular health visits, and staff training. Furthermore, through our involvement in their feedlot operations, we routinely observe the high performance of calves sourced from producers using Coyote Flats Charolais bulls. The Lohues family remains committed to building strong relationships with fellow producers. They welcome any inquiries regarding health protocols or potential calf sales to the Coyote Flats Charolais feedlot.

It continues to be a privilege to support Coyote Flats Charolais in maintaining the highest standards of cattle health.

Sincerely,

Cory Davis

Sale Notes

Terms & Conditions

TERMS: The terms of the sale are cash, cheque or e-transfer payable immediately after the sale. Settlement is in Canadian funds. The right of the property shall not pass until settlement is paid in full. All settlements must be made with the clerks of the sale before any cattle will be released. Current exchange rates will be announced on sale day.

BIDDING: Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received prior to the sale, in a sufficient time frame.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

ANNOUNCEMENTS: All announcements made from the auction block on sale day will take precedence over the printed material. Errors discovered in the catalogue will be corrected from the auction stand at sale time and such correction will take precedence over printed material in the catalogue.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

IN-HERD SEMEN: Coyote Flats Charolais reserves the right to collect semen on any bull sold through the sale. Semen collection will be at seller's expense and the buyer's convenience.

BREEDER GUARANTEE: Should any bull fourteen months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove that the bull is a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE: In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than the purchase price.

INSURANCE: Insurance will be available for purchase on sale day.

DELIVERY: Assistance will be given with making delivery arrangements after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller but will be as soon as practical after the sale, at the buyer's risk.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers, neither Coyote Flats Charolais, the auctioneer, sale staff or Wright Livestock Marketing Services sale management assumes no responsibility in the matter and disclaims any liability, legal or otherwise, in the event of an accident or loss of property.

SALE MANAGER: Wright Livestock Marketing Services Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his/her obligations, or for any warranties, guarantees or representations, expressed or implied. Wright Livestock Marketing Services Ltd. does not assume any financial obligations to collect or enforce collection of any monies between parties. Wright Livestock Marketing Services Ltd. assumes no responsibility for any credit that is extended by the seller to the buyer. The buyer must look to the seller for the fulfillment of any/all guarantees and representations made. Any legal action that may, in exceptional circumstances/cases, be taken are solely between the buyer and the seller.

PICTURES: By attending the sale, you are granting permission for your picture to be used for promotional and advertising purposes relating to the sale, unless you notify the sellers/sale manager that you do not grant permission for your picture to be used.
