With a purchase of four or more bulls from the same party, we will take 5% off total purchase. Those who take bulls home sale day, we will take off \$100 that day.

Seller retaining a right to collect semen from any bull in the sale by the sellers expense and buyers convenience.

Doll Ranch is offering free delivery on bulls within 250 miles. After 250 miles we will assist with trucking.

Carcass Data, Weights and Scrotal Measurements available sale day.

The sale will be broadcast "live" over the internet through DVAuction. To bid from your computer during the sale, complete this simple registration process by visiting the DVAuction

website at www.dvauction.com. We recommend that you register before February 20, 2026 for online bidding. After the sale you need to contact Charles, Harlen or David Doll to make arrangements for payment and for the pickup and delivery of your bull purchases.

Note: You must have high speed internet access (DSL, T-I broadband) to be able to bid during the sale. Any questions, please contact DVAuction at 402-474-5557 - support@dvauction.com or Justin Dikoff at 605-290-0635 - Jdikoff@dvauction.com.

Feeding Arrangements:

Free until April 1st at the buyers risk, **INSURANCE AVAILABLE SALE DAY**. After April 1st, \$3.00 per day. We would like them out by then.

By mid March semen test will be done. Start delivering at that time and no guarantees to the door.

Retaining the right to collect 100 straws of semen from any Lot. Will announce if retaining 1/3 semen interest.

Any bulls coming home, we would like you to have **INSURANCE** put on them. It will be available on sale day, ask in the office.

CHARadvantage

An IMI Global Age, Source & Genetic Verification Program for Charolais - influenced Feeder Cattle.

CharAdvantage Provides Added Value Through:

- Age & Source Verification • NHTC, VNB and BeefCARE Certification
- Genetic Benchmarking through registered Sires or Dams
- Documentation of health protocols & BQA certification
- Exposure of Charolais influenced genetics to a large list of potential buyers

For more information, contact:
American-International Charolais Association
Colt Keffer, Director of Industry Relations & Sales
(765) 376-8784 • ckeffer@charolaisusa.com

Terminal Sire Index

The AICA Terminal Sire Index (TSI) utilizes economic and management descriptions of your ranching operation, along with EPD on available Charolais bulls to assist in identifying the most profitable sires for your unique operation. Using economic selection index theory, this tool will generate dollar indexes per terminal progeny produced on bulls in the AICA database, ranking them for profit potential given the inputs you provide. The dollar indexes are to be interpreted much like single trait EPD. For example, if sire A's index is \$191.66 and sire B's index is \$200.00, then we would expect Sire B's offspring to average \$8.34 more net return (\$200.00 - \$191.66) than sire A's offspring.

Sire Listing Criteria

For bulls to have a Terminal Sire Index they must be registered with the American-International Charolais Association. Each bull must also have an EPD for CED, WWT, YWT, MAT, REA, HCW, MARB and FAT.

Progeny Proven Sires

Must have sired at least 3 calves with performance data reported to AICA within the last two years and an accuracy value of .30 or higher.

Terminal Sire Index (TSI)

The AICA Terminal Sire Index (TSI) is a formal method of combing Expected Progeny Differences (EPD) - BWT, WWT, YWT, REA, HCW, MARB and FAT - into one single value on which to base selection decisions. The TSI uses estimates of the genetic relationships between traits with an economic default value based on three year rolling USDA data.

Directions to the (DCR) Doll Ranch

Going west from Bismarck, North Dakota,
I-94 west to Exit 134. Go two miles
north and one mile west.

Going east from New Salem, North Dakota,
I-94 east to Exit 134. Go two miles
north and one mile west.

Terms and Conditions

TERMS: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be moved. Seller will reserve the right to require a certified check as settlement before releasing my cattle. **INSURANCE OF PURCHASES AND RISKS:** All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer. Arrangements will be made to have insurance available when making settlement. **BIDDING:** All animals sell to the high bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final. **HEALTH AND EXPORT:** All animals sell with proper individual health certificates. **ANNOUNCEMENTS:** Any errors or changes in information contained in the catalog will be announced from the auction block, and such announcements shall take precedence over information contained herein. **GUARANTEE:** Every animal in this sale, to the best of our knowledge, is free from any disease or defect. Any known defects will be called at sale time. All animals are guaranteed breeders. If any animal fails to breed after a trial of six months, it may be returned to the seller if in good condition and have gained 1 pound per day while in possession of the buyer and in compliance with North Dakota health regulations. The seller reserves the right to try said animal for six months, and if it proves a breeder, return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, an animal of comparable rank will be substituted. All bred heifers will be pregnancy checked and results of that check announced at sale time. Females selling safe in calf are considered breeders without further guarantee. We assume no liability, legal or otherwise, to make any further compensation to the buyer. No other warranty of any nature is expressed or implied. **HEALTH:** Health of this breed is excellent. This is a Certified Brucellosis-free and Accredited Tuberculosis-free area. Females are officially calftubed Bangs vaccinated. Individual health papers will be furnished for shipment anywhere. **LIABILITIES:** All persons who attend the sale do so at their own risk and the seller and sale manager assume no liability for any accidents that may occur. Neither does the sale manager assume any liability for loss of injury to livestock due to theft, mysterious disappearance, sickness, improper handling, or Act of God. It is to be clearly understood that the sale management and its representatives act only as a medium between the buyer and seller. They are not responsible in any way for any failure on the part of the buyer or seller. They are not responsible in any way for any warranties or representations, express or implied. Neither does the sale management assume any financial obligations to collect or enforce collection of monies between parties. Any legal action that may be exceptional cases be taken, must be between the buyer and seller. **CONTRACT:** The above terms and guarantee shall constitute a contract between the buyer and the seller of each animal sold. **MAIL BIDS:** Mail or wire bids may be furnished. Bids must be in the hands of the sale manager in ample time prior to sale date, and will be handled in strict confidence.

Dams of Distinction

The AICA's dam of distinction Program recognizes dams that have consistently weaned calves with above average weaning weights and have been regular producers with 380 days or less calving intervals. Since 2009 in the Doll herd.

Sterling Dams of Distinction:

Must have produced three calves by the time they are five years old. **Dolls have 139 dams**

Diamond Dam of Distinction:

Must have produced seven calves by the time they are nine years old. **Dolls have 31 dams**

For both awards, the calving interval must be 380 days or less. Also, all calves must be weaning weight ratios of 101 or higher of the dam's average progeny weaning ratio must be 106 or higher for dams with one calf below average for weaning ratio.

Doll Charolais and Simmental Family

Dear friends and livestock producers,

Welcome old friends and new acquaintances, it's a great pleasure to invite you to our 46th annual production sale, March 3, 2026, at Kist Livestock. We would like to extend a hearty thank you to all our past customers, for their loyalty and support in our program. I hope this catalog finds all of you in good health, and a wonderful previous year. For us we had above average grain harvest for all but one crop. Our hay crop and pasture grass were average, though. We hope that all of you have been able to capitalize on the record cattle prices, and hope they continue for a long time.

Our little family is growing leaps and bounds! April 11, 2025, Lewis became a big brother as we welcomed our beautiful Elaina Joyce. And by the time you read this, Dylan, Jac and the rest of us we will have been blessed with our newest addition, Callahan James a/k/a baby Jr. As you probably have figured out, the kids have been busy (lol) and Papa & Grammy are loving it! We are so grateful for this life we've been blessed with and may 2026 be a year full of health & happiness.
- Harlan & Jodie

David and Donna continue to love grandpa (papa) and grandma life. Another year has just flown by. We have been so lucky to have lots of family time and we were even able to sneak in a getaway for all of us last summer to a wonderful cabin on the lake. Making memories is the best gift. Jake, Krysten, Mason (4), and Skylar (1.5) are still living in Mandan. The kids keep them plenty busy, and Mason will start preschool this fall. They love visiting the farm to see "Papa's cows!" Jake owns JB's Wildlife Designs, a full-service taxidermy shop in Mandan. Krysten is a Realtor® with Realty One Group and loves helping her clients buy & sell real estate. Katie and Wayde are enjoying every day with their almost 2-year-old, Colter. He's so busy and into everything but he is happy, healthy, and so sweet when he wants to be. Katie still works on the

business banking team with Starion Bank and Wayde is still with Mor Gran Sou Electric.

Charles and Pam have been enjoying their growing herd and are blessed to still see them often! Pam has been sewing her retirement away and has been loving the extra freedom for grandma daycare drop-ins, being able to travel and get together with friends, and even some chore-time with Charles. Angela switched things up a bit. She's now the marketing director for Advanced Surgical Arts Center and Dr. Honeycutt, and she bought a lot in New Salem and stuck a house on it. She still does the marketing for us, of course – now she's just closer. Braxton (14) and Truett (13) love to play any sport and game they can. Austynn (11) can't seem to go anywhere without her own herd of animals and even taking up basketball. Our oldest son, Joey, is still working on the ranch. His wife Amber has been an investigator for the Federal Public Defenders Office for the last 7 years. On New Year's Day they welcomed their very first bundle of beauty, Miss Teagan Kay. Our oldest Twin, Casey, is still working with Bullinger Tree Services as a foreman and continues to have passion for his craft. His better half, Bobbie, has been with Nodak Mutual going on for 14 years, now. Quintin will be 5 in July and he's a mover and a shaker with his mom's sense of humor. Little Benson joined the crew last February, and Q is the BEST big brother! Wesley and his wife Amy are enjoying life with their brood of pets and even occasionally each other. Wesley is still climbing poles for MDU and Amy has been working with Bismarck State College. In what free time Wes does obtain, he's out here with us helping any way he can. Our youngest son, Ty, is also still full time on the ranch. Ty's wife, Blaisey, is working from home as a provider enrollment representative at Noridian Health Care Solutions and loves all the mom stuff. Everly (6) is a spitfire and has the most contagious and mischievous smirk. Emery is 4 and has found her adorable sassy streak with the vocabulary that puts us all ashamed. Little miss Ellie will be 2 in March, and we still can't get enough of her smiles. They'll be adding to their brood in May, so we're excited to meet the newest little! We are so grateful for our healthy, happy, and growing family, we are excited to see what lies ahead.

I believe that in both breeds that they are a very powerful set. Tremendous depth and thickness in both breeds. We do a lot of A-I in both breeds to improve our herd and use as many of the top bulls we can and try to buy the best herd sires we can find. Once again this year we will bring to the sale 100 Charolais Bulls, complimented by an additional 75 Simmentals Bulls, 30 Reds and 44 Black Bull, and 5 open females from both breeds. The bulls are fed the same ration they have been for the last five years, a TMR consisting of distillers, chopped corn silage, grain, and mixed chopped hay. We'd like to thank Mike with J&L Nutrition for all his help in with the cattle rations. He will be at the sale to answer questions, as will Harlan, David and myself.

The sale cattle will be at the ranch until the Thursday before the sale. You are welcome to stop and walk through them any time. We are two miles north, one west from I-94, exit 134, the yard with the old wooden grain elevator. Again we would like to say thank you to all of our customers and to anyone who has had interest in our program.

Charles Doll Family

16.2	-3.2	55	123	26	18.6	55	1.8	28	0.65	0.014	0.12

PA Free, 100K Tested. Dam's Ratios WWT 2-95, YWT 2-96. Grandma C245 is also grandma to Lot 90. Great Grandma was named a Sterling Dam of Distinction. Plus mom K166 has a perfect udder score. Lot 2 is in the top 1% MCE, 4% SC, 15% CE, 20% BWT, 30% YW, 35% TSI.

Did you know?

THE PERCENTAGE CALVING CHART

1. An average cow of any breed should be able to calve 7% of her body weight.
2. Most Charolais cows will weigh between 1400-1800 lb., expected calf weight to range from 98 to 126 lb.
3. Most Red Angus cows will weigh between 1200-1600 lb., expected calf weight range 84 to 112 lb.
4. Calving ease is MORE important than birth weight because a longer sided calf may calve easy, but the birth weight is higher.

7% CALVING CHART

CW WT	CALF WT
1200 lb.	84 lb.
1400 lb.	98 lb.
1600 lb.	112 lb.
1800 lb.	126 lb.
