# WHAT COMES

## 36 Year

As we celebrate 36 years, we would like to welcome you to our Annual Bull Sale on behalf of the Howe and Rosso families at the Howe Farm Sale Barn. Certainly, this would not have been possible without the support of our customers who have become our friends over the last 36 years. We are extremely proud of the set of bulls we have on offer this year. These bulls are the result of over 100 years spent in the purebred business by the Howe and Rosso families.

### 29 Yearling Angus Bulls

What an incredible rebound the beef industry has taken, seeing record prices which is helping to make it a viable industry. Now more than ever top-quality cattle are going to bring a huge premium. With these good times good quality is going to help keep a person's operation viable with all the rising input costs.

### 26 Long Yearling & Two-Year Old Angus Bulls

We have followed a strict selection protocol to bring you the very best set of bulls each and every year for the last 36 years. These bulls are the result of a hardworking set of cows where good feet, legs and udders are taken very seriously.

### 10 Yearling Charolais Bulls

The sale will again be broadcast by DLMS for your convenience. We welcome & encourage your visits to the Howe or Rosso Farms to look over the sale offering. You can also see all the bulls at the Howe Farm Sale Site beginning the afternoon of Sunday March 29, 2026 right up to sale day.

In putting together our catalogue it is hard to believe that we have been breeding Charolais cattle since 1968 and Angus cattle since 1985. We believe it is no accident that this set of bulls is this strong. These bulls represent what we have strived for over the last 58 years. They have very moderate birth weights and still have the growth and performance the breeds represent to the commercial industry.

You have to appreciate the hair coat these bulls carry along with strong feet and legs and cleanliness through the sheath. These bulls are all from strong cow families that speak for themselves in what the bulls have sired for sons/daughters. We are very conscious of having good feet on our cattle to help extend their longevity and ability to travel in all kinds of pasture terrain.

With the increasing demand for 2-year-old bulls, we set aside a group of young and promising calves to sell to this market. Since 2018 when we bred our first group of cows in the fall, our offering now includes long yearling bulls. We brought these bulls along with our yearling bulls on a Complete TMR Ration until April. They were then switched on to a high forage/backgrounding ration until turned out on pasture in August. In November we brought these bulls in along with our own herd sires to finish their development into the phenomenal set of bulls you see.

Take a look at the pictures/videos of these bulls. You can see that this offering continues to be a strong set of 2-year-old, long yearling and yearling bulls that we offer to producers. We feel you will find something to fit your program needs.

We are proud of every one of these calves and that's why they wear our brand on their hip. We currently calve 295 cows between the two breeds.

Our offering now includes Yearling, Long Yearling and Two-Year Old Bulls. We look forward to you joining us on April 1, 2026 for our 36th Annual Bull Sale at our Sale Barn.

*As we look back on our 58 years in the Purebred business, where we have held Purebred female sales and consigned to many sales. We are now hosting our 36 th Annual Bull Sale. We want to Thank all of our Bidders, Buyers & Visitors who have supported our programs.*

# Welcome to Rosso Charolais

As we host our Annual Bull Sale, we are proud to reflect on more than 40 years in the Charolais business. What started as a commitment to raising practical, performance-driven cattle has grown into a program built on consistency, integrity, and long-term customer relationships. With over 1,100 bulls sold across Canada, we are grateful for the trust you continue to place in our program.

At Rosso Charolais, we believe cattle should work for you not the other way around. Our cows are expected to be functional, maternal, and low maintenance. We calve a half mile from home, and that keeps us honest. Calving ease isn't a marketing line here it's a necessity. We breed for unassisted births, vigorous calves, and the kind of performance that adds real value at weaning time.

Our walking herd sires are selected for structural soundness, fertility, disposition, and balanced performance. They are built to cover ground, breed naturally, and sire calves with muscle, consistency, and longevity. Strong cow families, good feet and legs, and real-world durability remain the backbone of our program.

This year's offering reflects that philosophy practical cattle, developed responsibly, and built to last.

If they don't work for us, they don't make it to you. Calving ease, structural integrity, and practical performance are non-negotiable.

We look forward to seeing you on sale day.

Here's a herd bull. Big bodied, long spined, wide topped and can get out and move like a cat. He's sired by THRR Double Lake 76J and backed by the proven Melissa cow family cattle known for consistency, production, and longevity. We showed him this fall and he stood out every time he hit the ring. Tons of rib shape, extra depth, big top, and true herd bull presence. He handled the show road like a pro and just keeps getting better. If you're looking for a balanced, performance driven bull with look, pedigree, and numbers here he is.

**What does this  mean?**

You may have noticed this logo on our Charolais pedigrees. This means that the animal has been 50K/100K DNA tested meaning the accuracy for that animal's EDP increases. This genomically-enhanced EDP allows us to greatly enhance our selection process and better predict the genetic potential of that animal.

Take a look at the bulls actual weaning weights to compare the weights of your weaned calves. From weaning, Rosso Charolais bulls are fed rations to grow and develop, not fatten. The bulls are fed a 62-65 TDN grain ration and alfalfa hay. Numbers are subject to amount of feed fed. We believe in calving ease, and cattle that will work for you on the range.

Rosso Young Gun 5K is the complete package - a bull that combines eye appeal, performance, and practicality in one impressive, balanced individual. From every angle, Young Gun displays exceptional soundness and structure, carrying himself with the kind of mobility and foot quality that ensures longevity and confidence in any breeding program. Sired by Wellington and backed by the powerful Faith 17F female, his pedigree blends proven maternal strength with predictable performance. He's a calving-ease option without sacrificing growth or style - producing calves that hit the ground easily, get up quick, and develop with muscle shape and natural thickness. Young Gun 5K is a breeder's kind of bull - rugged, correct, and backed by generations of Rosso Charolais breeding consistency.

**Terms:** The terms of this sale are cash or cheque at par at Moose Jaw unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

**Disputes:** In case of disputes, bidding will be re-opened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

**Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence.

**Certificate of Registry:** Each animal will carry papers issued by the Canadian Angus and Charolais Associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement has been made.

**Breeder's Guarantee:** Should any bull, 14 months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within 6 months following date of purchase or 6 months after the bull has reached 14 months of age. The seller will then have the right of privilege of 6 months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

**Right to Draw Semen:**

The consignors of the Howe Family Farm and Rosso Charolais sale reserve the right to draw semen on any bull at the buyer's convenience.

**Exception Guarantee:** In case where the animal is subject to any hormonal or surgical reproduction techniques after the sale, this guarantee is null and void.

**Settlement:** Transportation charges on animals returned to the seller are for account of purchaser. No incidental expenses such as feed, care, AI, signing fees, interest, veterinary charges etc. will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder then said animal will be reclaimed by the purchaser at their expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement FOB ranch or locations of origin or a refund of actual price FOB selling point. In no event, shall the seller be responsible for more than the purchase price paid FOB selling point. Should a dispute arise over the quality of the replacement animal, Sales Management will appoint a mediator.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither sales managers, auctioneer nor Association assume any responsibility in this matter and disclaims any liability legal or otherwise, in the event of accident or loss of property.

**Rights and Obligations:** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding.
