CHAIR'S MESSAGE

Hello friends and fellow breeders! It is with great pleasure that I welcome you to our Uppin' the Ante sale. We are very proud to be the longest running Charolais female sale in Ontario and we take great pride in our contributions to the Charolais breed.

Much of the province of Ontario is represented right here in this sale. As always, we asked all our consignors to dig deep and offer the type of cattle they want in their own herd and with no questions asked - they have delivered.

My personal guarantee to you is that no matter what you are looking for in a female, you will find it at this sale. There are fancy heifer calves that will make great show prospects, bred heifers in the prime of their life that could be carrying the next great herd sire for you and go on to be front end donor cows.

Cattle will be available for viewing Thursday afternoon and all day Friday. As always, we invite you to join us for a home cooked meal provided by the Uppin' the Ante sale group on the evening of our sale.

We encourage all 4-H members to look closely at the 4-H program that we offer. There are great incentives to purchase a heifer calf out of this sale. Many calves bought out of this sale over the years have gone on to be very successful 4-H projects.

If there is anything either myself or any of the consignors can do to assist you prior to sale day, please feel free to give us a call. Thanks again for choosing us as your place to buy your next great Charolais female. We look forward to visiting with everyone on October 16th in Hanover.

Chester Tupling

Rollin Acres Amber 46N is a Full French heifer that is hard to part with. Her pedigree is stacked with maternal traits. Amber's dam is a 2013 model and has been a big-time producer for our herd. If you're looking for milk and one that will produce the top-end calves that push the scales down in the fall Amber 46N is your heifer.

Bred Rollin Acres James 4M, LT AUTHORITY 7229 PLD son we used on our heifer pen this year. Checked safe for a mid-February calf.

JSR Sapphire 7N is an attractive and long bodied PCC Cobain daughter that's built for the long run. The mating to our WC Inferno 3339P bull is an intriguing one with our first progeny being high performing and calving easy!

AI bred March 28 to WC Inferno 3339P. Exposed to JSR 81N from April 30-June 1.

The Jasmine cow family has done wonders for us over the years and it sure isn't easy letting them go! JSR 20N is maternally built and extremely expressive in her rib shape while maintaining balance and a sharp look up front. She holds a great set of balanced EPDs and is bred early sexed female to the popular LT Countdown. Show rights reserved until after the Royal Winter Fair.

AI bred March 28 to LT Countdown 9712.
