Bull Delivery

We are offering free delivery up to 250 km free of charge with any further delivery being charged the cost of fuel. All purchases made via DLMS.ca or telephone may return to the consignors until further delivery arrangements are made. We have no issues arranging transportation for livestock from coast to coast or to our friends south of the border.

Once again we are offering a take your bull home sale day credit. We'll deduct \$50 off you purchase if you take your bull home sale day. Any bulls returning home to the sellers will be cared for like prior to the sale until April 10th. Bulls staying after that date will be charged \$5.00 /day.

All bulls returning to the farms require insurance to cover any accidents that may occur. It's a small price to pay on your investment!

Herd Health

All sale animals come from homes where full herd health practises are implemented. All sale bulls will be vet inspected and semen evaluated.

Auction Mart Sale Location:

North Central Livestock, Clyde. On the Junction of Highway 2 and 18 approx. 70 kms north of Edmonton on Highway 2 or 19 kms east of Westlock on Hwy 18.
Northern Central Livestock Google Map Pin Location: 54.1610209N,-113.6732075W

US Purchases

For all our friends south of the border, we will take care of getting all the necessary export health tests completed for you at cost. Once the tests are complete, we will assist in arranging delivery to the nearest port of entry or possibly up to your ranch gate. We will assist all buyers as much as possible with pictures or videos upon request. Exchange rate will be announced prior to sale commencement.

Breeder's Guarantee

Announcements off the block sale day will supercede any printed material. The sale will be conducted under the terms and conditions of the Canadian Charolais Association.

CHAROLAIS RANCH

Welcome to Spruce View Charolais

What a whirlwind year we have just experienced! 2020 was a year to remember and absolutely one we want to forget. I honestly feel that there is no better place to be than in the agriculture industry. Of course, we had to make some lifestyle changes and adaptations but in the livestock industry we still have the freedom to go maskless in our day-to-day operations.

On a positive note, there was an abundance of moisture and plenty of feed. The Charolais cross calves have once again increased in demand and showed greater premiums over other breeds in the sale rings and are showing feedlot operators larger and quicker profits with the less days on feed.

It is our privilege to welcome you to our annual bull sale. We are honored to have sold bulls to many of you and some for generations. Our families take pride in and enjoy raising cattle that work for us and are confident that will work for your operation. We look forward to continue building relationships with our customers and looking forward to creating new relationships. Thank you for your interest in our nearly 90 years of combined breeding programs. We are very pleased with this year's sale offering of 33 polled 2-year-olds, many with the red factor gene as well as calving ease bulls and . We cannot forget the 24 French influenced yearlings from the Lussons' which have been quite popular over the 50+ years .

At Spruce View Charolais our calving begins in early spring making our bull program is a strictly two-year-old operation. We do not sell last years pass outs or left overs. You are getting pick of our crop. When we are selecting our bull sale offering, we try to select the most uniform group to bring to you. By coming to preview the bulls at the farm we can show you the dams and sires of the sale offering in their natural setting. You will also notice that our cattle must work for us and not the opposite. Our herd get plenty of exercise and are not confined in tight pens and nothing gets pampering or special treatment.

As many of you ranchers know, we calve later than most other breeders thus only selling the extra aged long yearling bull. We primarily calve in April /May, weaning in November and gently grow these bulls out throughout the winter. These bulls then go on grass in May and don't come back in until November when they go on a ration consisting of Brown oats, hay and a barley/ corn silage. We find that the bulls grow and gain well on this ration. If you're looking for a fat bull you probably won't find him here. What you will get is a gently grown bull that will jump off the

trailer and get right to business and not go through a melt down stage. We strive to grow out and raise these bulls to go out to work and last you a long time.

We once again are offering our proven bloodlines as well as introducing a couple new ones. We are really thrilled to be offering some sons of our new homozygous polled sire, JSR Estrada 52E. Back in the spring of 2019 we were very fortunate to team up with Char Maine Ranching on this great curve bending Pleasant Dawn Chisum son out of Ontario. He possesses has all the traits that we've been looking for: calving ease, top weaning/yearling weights as well as high maternal traits. If you're into EPD's like I am, the Estrada's are hard to beat!

Once again we have a real strong offering of Red factor bulls from the tans right up to the cherries. We have been breeding red factor Charolais since the mid 1980's and have continued concentrating and improving on the outcross genetics

We will have the bulls penned in the auction barn on the afternoon of the 17th right up until sale time for your inspection. We would encourage you to come to the sale, view the offering and be part of the action but if you are unable to attend the sale due to other reasons, we'd encourage you to come to the farms to preview the offering. If you wish, feel free to call and we can assist you with your selection that fits your program. Once again we must comply by the Covid 19 health restrictions at the sale barn, so if you are not comfortable in staying for the sale we can assist you to bid via telephone or bid online through DLMS.ca from the comfort of your home.

Due to the COVID-19 restrictions we ask that only one member per operation attend the live sale. Don't despair, your entire family are more than welcome to come to the farms prior to the sale and view the bulls in their natural settings. We have acquired DLMS.ca once again to accommodate online bidding for this sale so you can bid from the comfort of your home

Can't make the sale? No problem! Call Philippe or myself and we can assist in finding a bull that fits your program and assist in handling your bid via phone, internet via dlms.ca, or utilize any of the sale crew.

Sincerely,
Lorne Lakusta

Welcome to Valanjou Charolais Ranch

This year we are offering a very consistent group of yearlings from a French cow herd 6 decades in the making. The cross with the purebred polled bulls has produced a polled crop of bulls with adequate frame and lots of natural muscle with large testicles and solid feet and legs. Once again the yearlings were fed a light bull ration and full feed oats silage with a touch of "legumes" mixed in.

Feel free to drop by anytime before the sale.

Philippe

We are super excited to be offering you a selection of our first progeny off JSR ESTRADA. We are so pumped to have teamed up on Estrada purchase with the Quintons at Char Maine Ranching. When we purchased Estrada, both of us were looking for a super sound homozygous polled bull with performance. He has checked every box and exceeded our expectations. His progeny are all polled and bring home our top weaning weights and his females are milking great. Estrada has a bomb proof temperament with great feet and legs. Estrada is in the top 1% for weaning and yearling weights. For those cattlemen who study epd's, have a look at these. You'll be pretty hard pressed to find a better set of performance numbers. The Estrada's were Char Maine's highest averaging group of bulls in their annual sale this past December. Many of this years Estrada's will easily work in purebred herds. Have a look for yourself.

- Do you need to darken up your calf crop or keep your blacks black ??? Brute is the one for you
- He is one of the easiest keepers that we've ever raised. Brute carries a very moderate birthweight as well as great performance
- He was born out in the corn field thus the reason for the 1/4" off his ear. We'll guarantee that the shorter ears will not affect his performance

GTO has been a great asset for the Lussons and ourselves. GTO is an extremely long bull with a great hair coat and muscle. As well GTO has a very balanced set of epd's with great performance traits making his progeny very attractive and desirable. His progeny have been very well received by both of our operations in past female and bull sales.

* Herd Bull Alert *

- Here is a tan GTO son that I really think a lot of.
- He's got a tremendous hind quarter who strides out very freely
- His dam is a smooth polled dark tan female who has not let us down. She raises progeny that always rank on top in our operation
- I would be using him myself if we weren't using his sire. If any purebred breeders are looking to add some red, natural thickness and performance into their herd, here's the bull for you
- Have a good look at this bull sale day. Last year a maternal brother sold to the Undone Ranch. A brother is also working for the Sorokas.

- Short gestation
- Awesome weaning weight
- Dam sired by my high seller 4 years ago to Mulkay Charolais
- Double polled, ½ French

This year again, there are four bulls off first calvers. The Charolais breed has made impressive gains on shortening the gestation, hence these calving ease bulls are made for heifers with awesome performance.

Terms and Conditions

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & delivery shall not pass until after settlement is made.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - The proper Registration paper, will be duly transferred and furnished to the buyer for each animal after settlement has been made upon the Buyer Request.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE - All animals will carry standard breeding guarantee as specified by the Canadian Charolais Association. At no time shall the seller's liability exceed the purchased price of the animal.
EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer or sellers assume any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
