We are again happy to be working with Blue Mountains Charolais and Destiny Simmentals who have both consigned some quality bulls.

Long bodied bull out of a cow family that's produced year after year for us.

Futures' One Simmental Bull Sale ~ Edition 11 ~

We would first like to thank Saunders Charolais for the eleventh invitation to join their well established sale. The Red & Black Simmental bulls brought offered are as strong as last year. We are proud to be associated with this sale in the heart of Ontario's Cattle Country.

The bulls offered have been rigorously selected for docility, scrotal, maternal values and terminal traits to maximize your bottom line and efficiency. We are witnessing tremendous demand for Simmental Bulls in North America to provide calving ease and more pounds at weaning. The trend has started for Simmental Bulls.

The bulls are developed together on a grain ration with corn silage and dry hay and are presented in their working clothes. The bulls will be semen tested and guaranteed as per the Simmental Association guidelines.

We look forward to answering any questions you have regarding the offering either before hand or in Keady. If you cannot make it, please feel comfortable to contact myself or the Saunders to assist you.

We can be available most days to show the bulls in the home yard prior to the sale. Call my cell 519-379-7565 to arrange a time to view the bulls and see their dams.

A bull we did not expect to put in the sale as he was marked to be retained for our in herd use as we felt we would wear out a pickup truck looking for a better one at the cost of a new pickup. We just decided to put this 100lb born black calf that weight in at 1140 early Dec. to give our bull buyers the opportunity as we want to be known as the leading Simmental bull producer in this province. This bull has extra frame, extra length, extra bone and extra style. His 10 year old dam will be in our herd for many more years. Recommended for use on cows only until proven.
