

# GENETIC MARKETER REQUIRED

Genetic Research Development Company  
requires a lead hand in live cattle, semen and embryo sales

Some international travelling involved

Opportunity to sit on the research team

Only people with a long-term goal  
in ranch cattle development should apply

A degree in Animal Science would be an asset, but not a necessity

Email resumes with references and wage expectations  
to [lindamiller@highway21group.com](mailto:lindamiller@highway21group.com)
